Horizon '66  
Presented by  
Students  
of  
Selkirk Hospital  
for  
Mental Diseases

LOOK TO THIS DAY

Look to this day,  
For it is the very life of life.  
In its brief course lie all the verities and  
realities of your existence:  
The glory of action,  
The bliss of growth,  
The splendor of beauty,  
For yesterday is but a dream and tomo-  
row is only a vision;  
But today well lived makes every yester-  
day a dream of happiness, and every  
tomorrow a vision of hope  
Look well, therefore, to this day.

The Sunkrist

## Dedication

As our three years as student nurses draw to an end, so ends another phase of our life and a new one begins, that of Registered Psychiatric Nurses.

As we recall our student days, we also recall the high ideals of nursing that you have shown us. We are deeply grateful for your genuine interest and for your constant support and guidance which you so freely gave to us throughout our training.

We hope to at least partially express our appreciation by our endeavours to live up to your high standards and to the shining example that you have set for us as nurses.

To you, Mrs. Tigchelaar, we proudly dedicate Horizon 1966.

The Psychiatric Nurse has developed to fill a vacuum in the care and treatment of the mentally disordered person. This vacuum is filled in the capabilities of the Psychiatric Nurse, although numerically the supply is still too small.

The educational experience turns out a tempered instrument with specific skills and efficient application thereof. These skills are based on the fundamental personality factors of understanding, patience, and the will to guide and help.

With the 'coming of age' of your class, you add to the numbers of qualified persons available to help in the care of the persons suffering from emotional illness. Your coming is welcomed.

Please accept my wish that all of you find satisfaction and fulfillment in your chosen field by the application of the fine principles of your profession.

R. H. Tavener, M.D.  
Medical Superintendent

With increasing demand for psychiatric nurses, and your knowledge and skills, assures you of many opportunities in the field of nursing. Continue to improve your techniques by continuing your education. Only by your own effort and perseverance will you achieve your goal.

I offer my sincere congratulations on your graduation, and best wishes for the future.

John R. Burns, R.N., R.M.N.  
Director of Nursing

Hearty Congratulations upon the completion of your nurses' training and best wishes for your future.

Mary Alberta Hornibrook, R. N.  
Associate Director of Nursing

This year I have reached my rainbow after 41 years of service. The lessons that I have learned and the lessons I have given, make me feel proud to be part of the service.

To you, the Graduates, who are just setting out, don't look too high for your rainbow, stay on the plateau where your kindness, tolerance, understanding and your wide knowledge will enable you to understand people and their problems, and to do more for them now when they need you.

This profession that you have chosen will give you personal satisfaction and a feeling of accomplishment, be proud of it and give it your very best.

Good luck and God bless.

William Baty, R. P. N.  
Associate Director of Nursing Services

Congratulations to the Graduating Class of 1966

It has been said that the most important needs of any patient are reassurance, understanding, and treatment as an individual. During the last three years, it has been my pleasure to watch each one of you grow and mature into good Psychiatric nurses with a full appreciation and knowledge of these patient needs. As you go forward into your new life, carry this knowledge with you.

May your future efforts be crowned with success.

L. W. Lethbridge, R. N.  
Nursing Personnel Director

## Editor's Message

The students of the Selkirk Hospital for Mental Diseases take great pleasure in presenting "Horizons 1966". We hope it will bring back cherished memories in the years to come to those people whose endeavours it represents.

We would like to extend a special thanks to all those who gave of their time and talents to make our book possible. Our thanks go to our publisher, Inter-Collegiate Press, and Mr. Cringan for their advice and ideas which have made our book a success. We would like also to thank Mr. Magnusson, our photographer, for the excellent pictures he has taken and for his sound advice.

It has been an honour for me to serve as yearbook editor and I would like to thank my committee for their invaluable help and assistance.

## President's Message

It seems like only yesterday that we entered into our training; but now we are graduating and all that remains are memories. Memories that will remain with us forever.

To someone who searches, knowledge is a never ending adventure and graduation marks just such an adventure into the dynamic field of Psychiatric Nursing. I would, on behalf of the graduating class, like to thank the instructing staff for their patience, advice, and guidance in helping us to obtain the basic knowledge that we will use upon our way to helping others.

I would like to thank the student council and the student body for their co-operation and support during the past year.

To the new student council and body, I wish to extend my best wishes in all your future endeavours. May they all be very successful.

# The Psychiatric Nurse's Pledge

**I Do Hereby Pledge** my wholehearted service to those entrusted to my care . . . endeavouring at all times to understand the patient's individual emotional and physical needs and differences . . . To that end, I will strive for skill in the fulfillment of my duty, holding sacred and inviolate all confidences entrusted to me.

**I Promise** to respect the personal rights and privileges of my patient, and to do all in my power to prevent or alleviate physical or psychological discomfort.

**I Will** always be kind, tolerant and just . . . I will endeavour to cultivate a keen sense of observation and a understanding attitude.

**I Acknowledge** the dignity of my profession and accept the obligation it implies . . . I will faithfully perform my duties, and will give the utmost in co-operation to those persons with whom I associate in ministering to the mentally ill.

**All of which I pledge, on my sacred honour**

## Paledictorian

Today marks one of the most important days of our lives, our graduation. We leave our student days in a wake of studies and provincial examinations. Most of us have been students for the greater part of our lives but our training days have a special meaning. We came for a definite goal, to become professional psychiatric nurses. In so doing we laid the cornerstones of our personal and professional lives. A course which offers the highest possible reward, the knowledge of being of service and need! We look towards the second phase of our careers with anticipation and genuine willingness to serve. We are most anxious to help others and in doing so, hope for happy and productive lives of others and ourselves.

In the last three years we have witnessed many changes in the rapidly advancing field of mental health. It was found that the old mental health act was no longer adequate and a new one was instituted. Pharmacology has made many rapid changes and taken on added importance in treating the mentally ill. Many old nursing techniques were modified, new methods were adopted. The very environmental setting in the hospital changed. The atmosphere was changed from one which contained naked empty large rooms to a setting which resembled modern homes. The curriculum for training of nurses has been revised and is being constantly changed to keep abreast of the requirements in the hospital. The total outlook on mental health has changed. The general public is slowly beginning to realize that mental health, treatment, and prevention is an important aspect of everyday living. We are proud to be playing an important part in the advancing phase of medicine. It is only with an attitude of sincere willingness and desire to continue learning and to accept new concepts that mental health and psychiatric nurses will find their rightful place in society.

Upon leaving our training school it is with the deepest respect and admiration that we say farewell. We would like to take this opportunity to thank all with whom we worked for the past three years and who have contributed so much to our successful training: all the teaching staff for their co-operation, and constructive criticism in helping us achieve our goals. The medical staff for their willingness to share their wealth of knowledge and experience. Last but by no means least, our parents and loved ones without whose continued support and encouragement many of us would not be here today.

#### A PROBLEM FOR THE PSYCHIATRIST

Have you been having problems ?  
And are you feeling blue ?  
Well stop worrying right now,  
I'll tell you what to do.

Try studying statistics  
Then trace your pedigree,  
Once you know the facts of life,  
Come and visit me.

I am a psychiatrist.  
Treat nerves and nervous strain  
After your first visit,  
Your sure to come again.

When you have had your brain wash,  
Your conscience will be clear  
You'll know your not to blame  
After Remotivation,  
Their never quite the same.

You'll have a brand new problem  
A pretty fair exchange,  
Complex as problems should be,  
With scope and depth and range.

The problem that you now face,  
Is not what's wrong with you,  
Identify the culprit,  
Behind the things you do.

Of course it was your childhood  
Your parents were at fault,  
Lack of love or too much love  
Not knowing where to halt.

If they did commit those crimes  
I'm sure you will agree  
According to psychiatry  
The faults the family tree.

Which brings us back to Grandpa  
Of course to Grandma to,  
They didn't do their job right  
The onus bounced on you.

Grandparent's are not to blame,  
Psychiatry says so.  
It must have been their parents fault,  
And so and so and so.

And so we're back to Adam  
To Eve and the apple tree  
Alas with no psychology  
The problems back to me.

Our affiliation at Grace, as we were soon to discover, was filled with interesting events and experiences. We came with the aim and objective of treating the physically ill.

Our stay on Maternity and Nursery was an enjoyable and interesting one. We feel that we gained valuable experience in team nursing on the Medical and Surgical wards under the supervision of Mrs. Webster.

The highlights of our days at Grace was our experience in Casualty, Intensive Care, X-Ray, EKG and the Operating Room. To Mrs. Hoban and the Doctors we say "thank you" for your interesting and informative explanations which greatly added to our knowledge of Surgical Nursing.

Our third year began with our six weeks affiliation at the Manitoba School for Mental Defectives at Portage La Prairie.

We gained valuable information and experience in the nursing of the mentally deficient through the lectures from Dr. Lowther and Mrs. Wilson. Under the able instruction of Miss Gordon we gained valuable experience in various neurological disorders.

We would like to extend our thanks to the doctors, instructors, hospital staff and students for making our affiliation a memorable and enjoyable one.

## Yearbook Tea

Our Yearbook Tea, an annual event, was held Friday May 13, 1966 at 2:00 p. m.

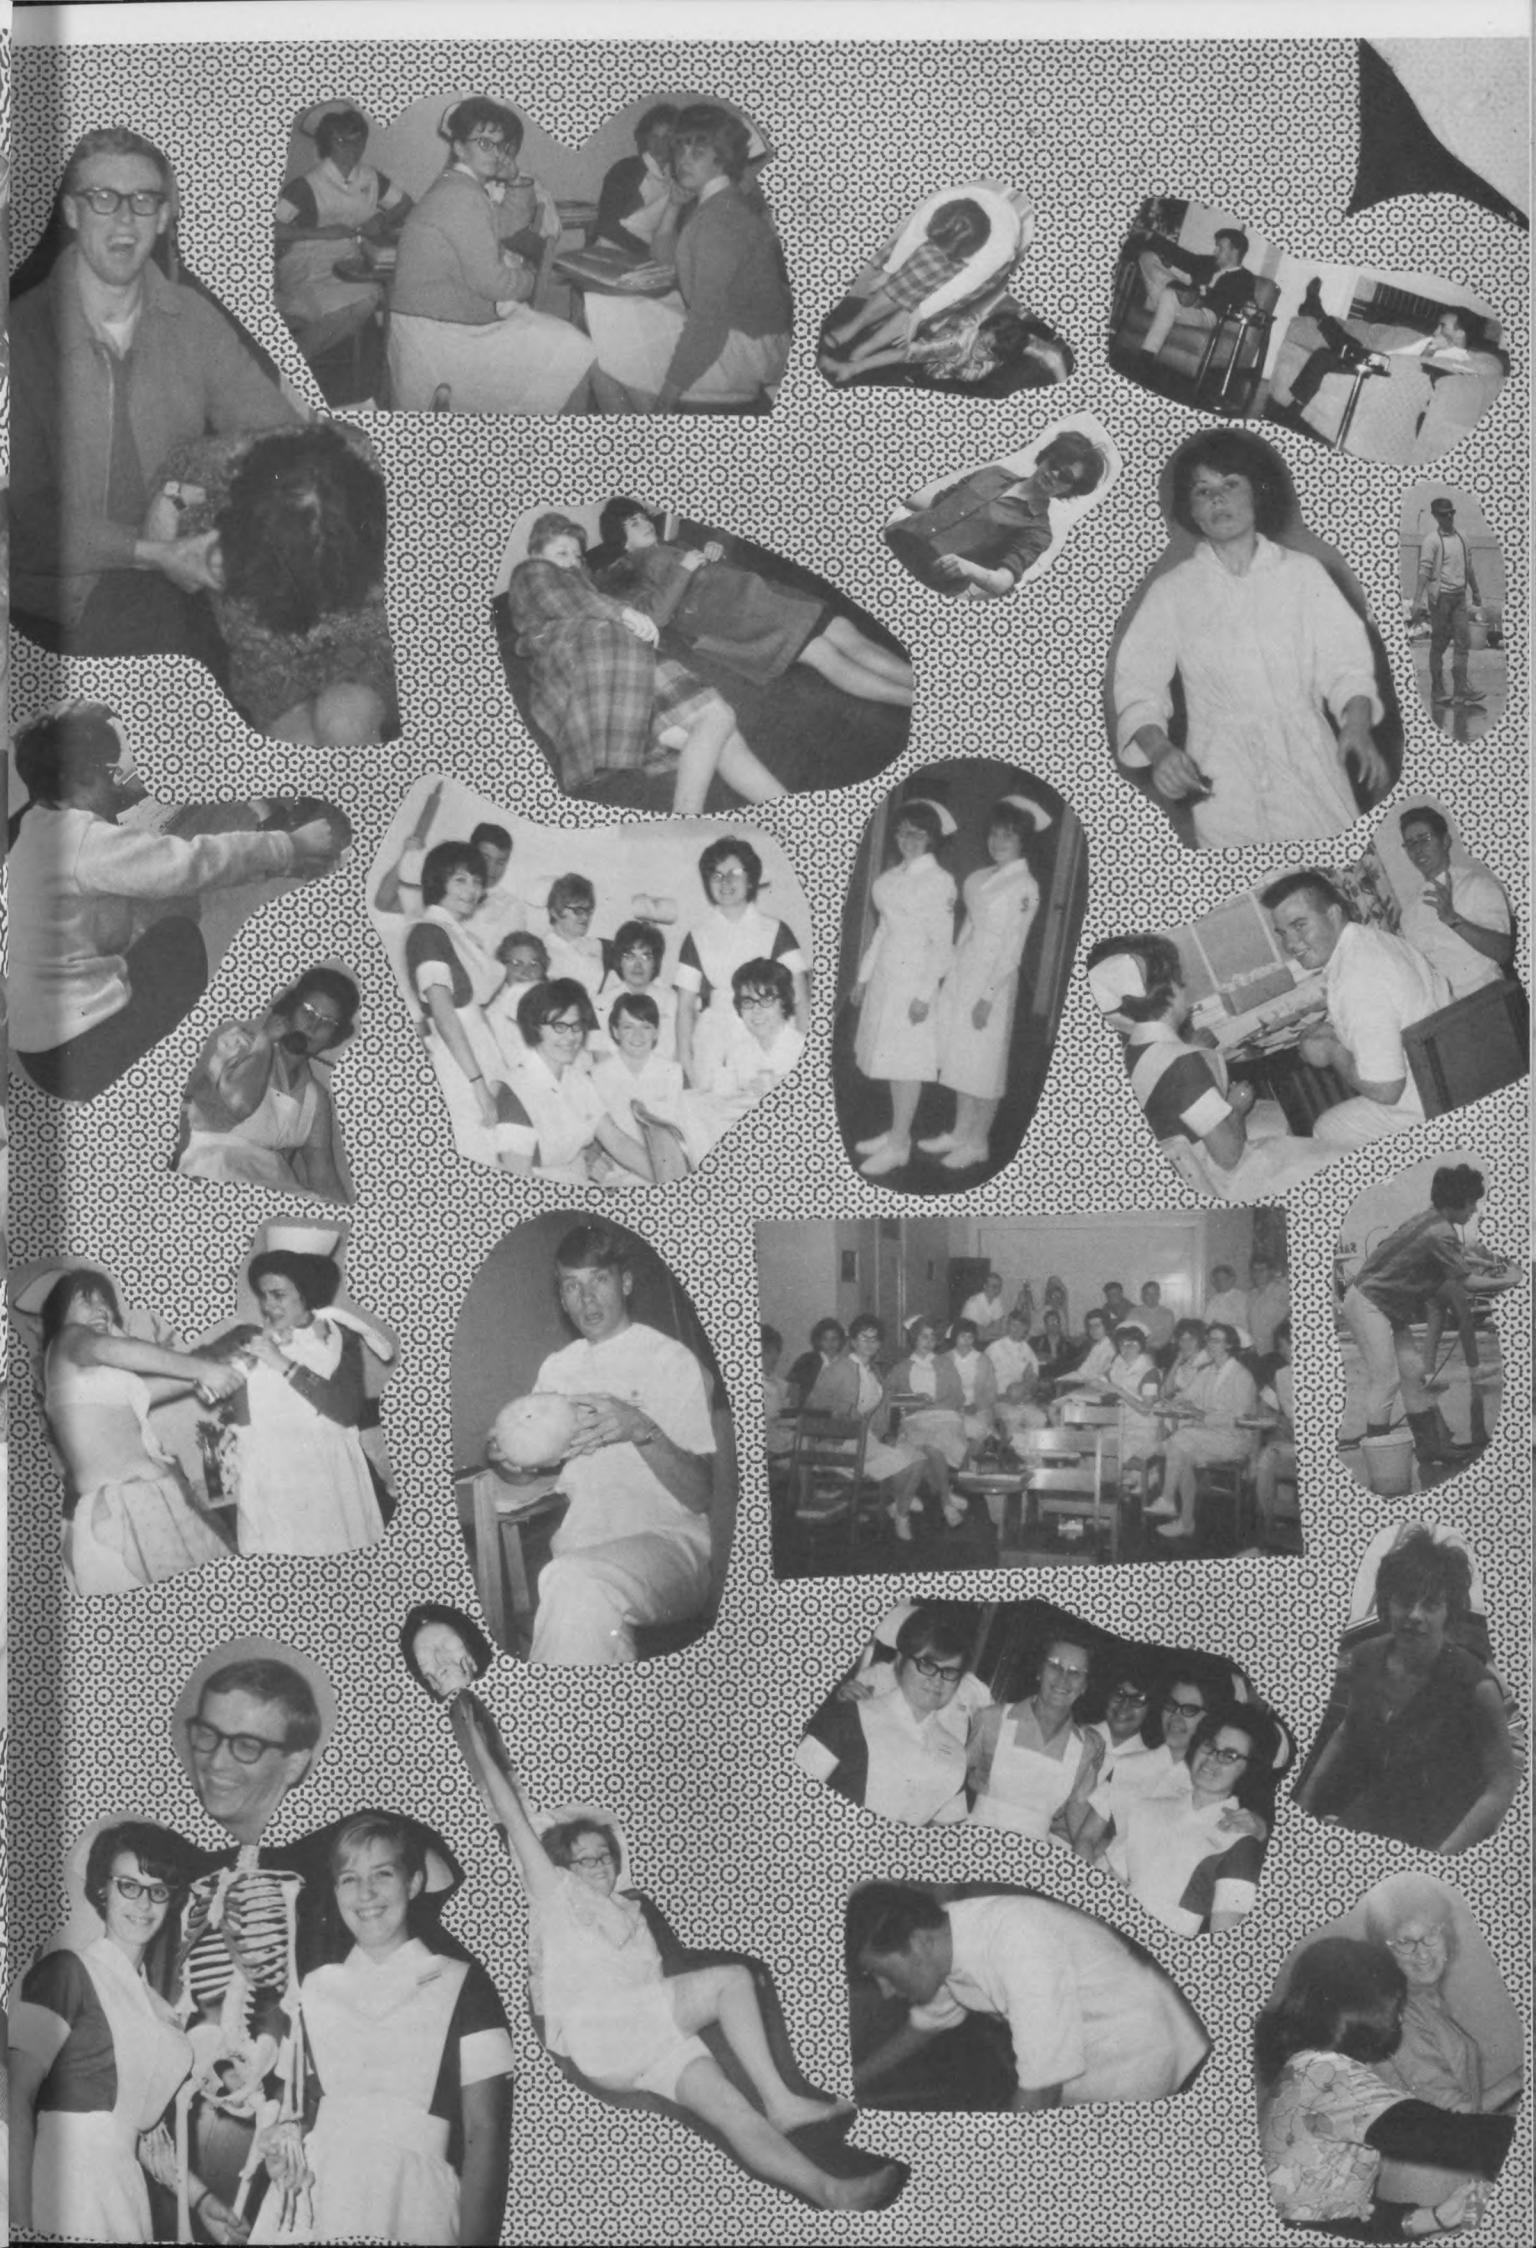

This year's tea was a huge success. The Sitting Room was gaily decorated with flowers and Spring permeated the air.

We owe many thanks to the Doctors who volunteered their time to pour tea, also to Mr. Robert Neufeld who played the organ, and to Miss Lethbridge who looked after the silver collection.

We would also like to thank all of those who helped with donations and who attended our tea.

## Socials

### FAREWELL AND HELLO

Our social year began in September 1965 when the SSPNA members loaded a bus and their cars and went to Chesleys beach for a wiener roast to bid farewell to the graduating class of 1965 and welcome the future grads of 1968. Food and drinks provided by the Student Council and a sing song made it an enjoyable evening for all as we said goodbye to one class and wished good luck to another.

### HALLOWE'EN

At the later part of October, 1965, the nurses residence sitting room was all goblins, witches, and a few other weird "things". Apples hanging from the chandeliers, apples in a tub of water, guitars, a Mexican hat, some Grecian belles, and a lonely dog all gathered for a fun evening. We thank Miss Narfason for giving us a good guessing game and the decorating committee who certainly outdid itself.

### MR. BROWN'S PARTY

On March 7, 1966, the students of the SMH bid farewell to Mr. R. S. Brown. The Nurses' Residence sitting room shook with the music, the dancing, and the games. A band of young localites provided the music while some of the students showed off their talent. A marble desk set was presented to Mr. Brown as a small token of our gratitude and appreciation for all his work in trying to better the standards of the Student Psychiatric Nurse. We wish him all the best in success and happiness and we will be forever thankful to him.

### TOBOGGAN PARTY

In January, 1966, a toboggan party was organized by the students at the Lockport slides. Snow, a few bruises, and a lot of fun was rounded off by a lunch at the Nurses' Residence.

### SPORTS ACTIVITIES

#### Mental Hospital Bowling News

The Selkirk Mental Hospital Bowling League closed out their 1965-66 season with an annual windup held in the /Curling Rink on Saturday, April 29th.

The championship cup was presented to Bob Creasy's gang who enjoyed a fine roll off to cop this year's honours. Bowling with Bob were his wife Marge, Ted and Chris Griffiths, Clarence Todd, Herb and Julie Dubowitz.

Winners of the grand aggregate were Bert Oig, George and Sally Bush, Vince Harper, Esther Tebay and Wade Gunter.

Consolation champs were led by Nick Fitkowski and included Ron and Joyce Harbour, Mabel Sigvaldason and Mildred Willey.

Individual awards were presented to the following bowlers:

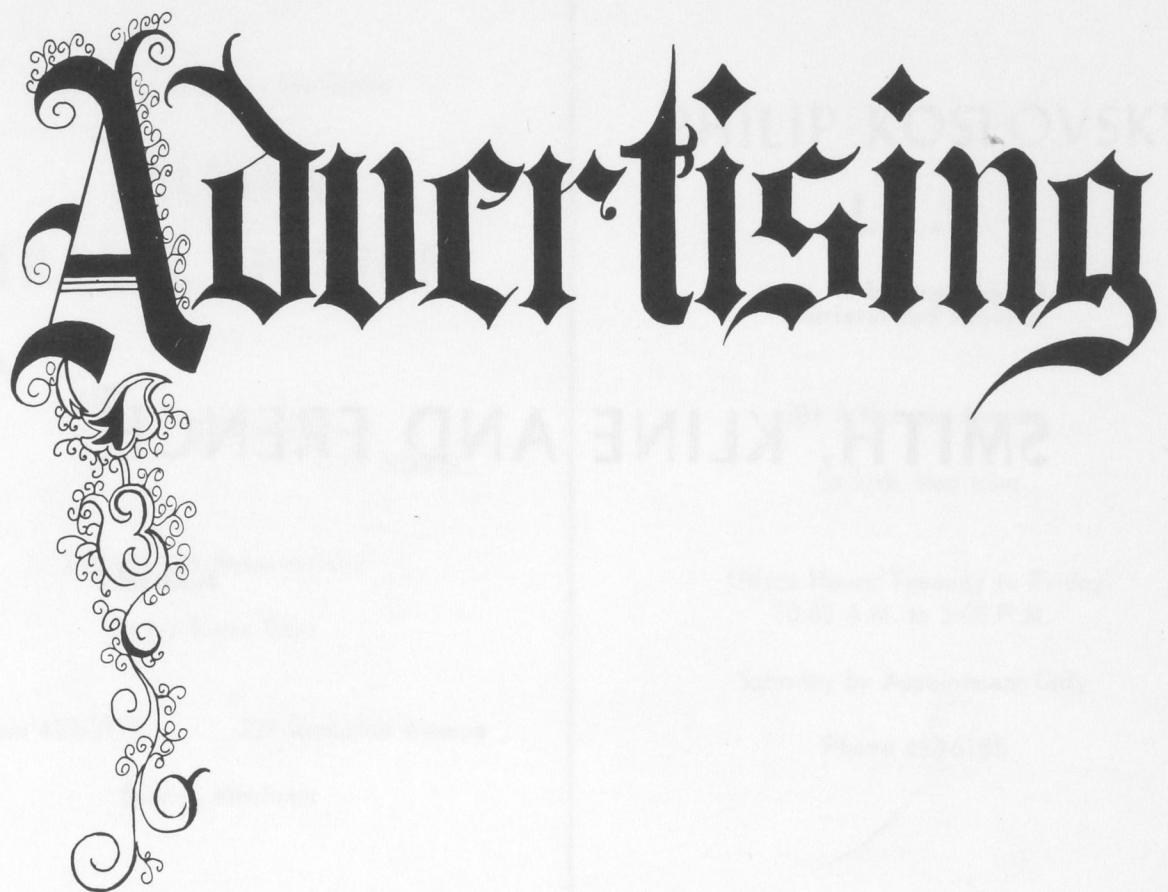

Men	-	High Single (375) Bert Oig
		High Triple (784) Bert Oig and Marv. Goodman (tied)
		High Average (214) Bert Oig and Marv. Goodman (tied)
Ladies	-	High Single (305) Marlene Cooke
		High Triple (722) Marlene Cooke
		High Average (197) Marlene Cooke

Other awards presented were for the Mens' and Ladies' low scores but we are not permitted to publish their names until their next of kin have been notified.

The highlights of the evening was the presentation of the awards to "The Best Looking Left Handed Bowlers." The winners were Ladies - Flo West (who richly deserved it), and Men - Wade Gunter (who deserves what he got too).

Following a gracious meal, much dancing, singing, and telling of lies, all those present went home to reminisce on a bowling season filled with fun and good fellowship. See you all next year!

## Odds and Ends

What do we do next?

Are you still sleeping?

But, Larry, I'm tired of playing dead!

OH! Study- Study- Study.

What goes in must come out.

Quiet evening at the Residence.

What do you mean we have to eat our own cooking!
